He smokes great calmness and presence of mind, many cigars and cigarettes, and he also has a hearty appetite. He speaks only a few words of English. He is consclous of his dignity, but tries to talk pleasantly with his guards. He often praises the skill and audacity of General Funston in effecting his capture, saying that only by strategem could he have been captured. It is said that Aguinaldo is very strongly averse to retreating from his former attitude, but that he must regard the best interests of the Filipino

Aguinaldo left the window in disgust. The natives in Manila are undemonstrative concerning Aguinaldo's capture, and it is difficult to ascertain what the majority of them really think of it. It is certain that Aguinaldo's influence is less than formerly, though it is still great. The representative of the Assoclated Press has interviewed many Fillpinos, including both business and professional men in Manila, as well as representatives of the lower classes and former insurgents, on the capture of Aguinaido. Diplomats Left, the Band Ceased Playing But no One Hurt.

A panic resulted, pargallery, many of whom immediately left the palace. The band ceased playing and the musicians rushed to the doors. Pieces of plaster fell from the ceiling The Sultan rose from his throne and Aguinaldo nervously paces the floor, took a few steps, apparently intending which had a good effect. After a moment's hesitation His Majesty reseated himself upon the throne and ordered the ceremony to proceed. A reception followed, without further incident.

FEARS OF A REVOLUTION

Owing to Persecution There May be Another Reign of Terror in Europe.

LONDON, April 1 .- A dispatch to the Morning Leader from Kieff says it is reported that an officer of the Household attempted to assassinate the Czar. He fired at His Majesty, but missed. He then shot and killed himself.

BERLIN, April 1 .- The following dispatch has been received from the St. Petersburg correspondent of "Vorwaerts."

The report that a determined effort has been made on the life of the Czar. together with the fact that revolutionists committed their first overt act today by firing on the police, has thrown the inhabitants of the State into a state of terror. It is feared in all quarters that a wild and uncontrollable revolution may break forth.

ST, PETERSBURG, Siturday, March 30.—The chief of the etatistical bureau of the province and government of St. Petersburg, W. T. Takowenko, has been arrested in consequence of a letter of condolence which he wrote to the author, N. F. Annensky, who was injured in the recent rioting.

AMERICA SHOWS DISPLEASURE.

The Government Withdraws Minister Loomis From Venezuela.

NEW YORK, April 1 .- A special to the Herald, ffrom Washington, says: In order to expedite the arrival of Minister Loomis in this country, Secretary Long has instructed the Scorpion to convey that diplomat to San Juan, where he will take a steamship for New York.

The report which Minister Loomis

will make to the State Department will have much to do with the determination of the attitude of the United States toward the South American republic. The administration is deeply rritated over Venezuela's conduct, and has concluded that the time has arrived for this government to assert itself and require respect and proper treatment for American agents and

Mr. Loomis' withdrawal in itself is an indication of the displeasure of the United States, and Venezuela will undoubtedly so receive it.

Senor Pulido, the Venezuelan charge d'affaires, sincerely regrets that any differences should have arisen between he two governments, and he is energetically working to restore the friendy relations that have hitherto existed. NEW YORK, April 1 .- A dispatch to the Herald from San Juan, Porto Rico,

The Venezuelan consul here thinks war between the United States and Venezuela is impossible, as President Castro will make concessions, say- however, that it is probable that Generals Andrade and Pietri will take advantage of the recall of Minister Loomis to start a rebellion.

Advices that came by the steamer Philadelphia were that it would be impossible to avert a rebellion.

An Appeal for Boers.

NEW YORK, April 1.-Charles D. Pierce, representative in New York of the Boers of the Orange Free State, has issued an appeal to the Americans in which he analyzes the British terms of peace and applauds the Boers' refusal to accept them. He charges bad faith on the part of

the British Government in offering to grant amnesty and declares Lord Kitchener is trying to make a Benedict Arnold of General Botha by treating with him as an individual rather than as a representative of the Boer republic. "They promise enfranchisement after a period of military rule as a crown col-

ony," he continues, "but disfranchisement will be indefinitely prolonged." He likens the acts of their army to

the cruelty of the Turks in Armenia and "It lies now with the American people to decide whether the war 's to be one of extermination, and the Boers appeal to them for their mediation."

Appointed From the Ranks.

General Corbin today cabled General MacArthur at Manila to send young Titus home on the first available transport in order that he may take the entrance examination to the Academy.
